CEMENT
AND
LIME MANUFACTURE

Published by Concrete Publications Ltd., 14 Dartmouth Street, London, S.W.1

INDEX to VOL. XV, 1942.

PAGE

Addition of organic materials to cement, Effect of the, by M. A. Swayze 4
Additions to Portland cement: The use of catalysts, by Gabriel A. Ash 185
Aggregates, Reactions between cement and... ... 99
Air-permeability measurement of specific surface... 158
„ separator, Two types of 40
„ Slurry agitation by pressure 165
Analysis of Portland cement, Chemical 123

AUTHORS:

Ash, Gabriel A., on Additions to Portland cement: the use of catalysts 185
Azbe, V. J., on Carbon dioxide from lime kilns 191
„ „ on Rotary lime kiln using wood fuel 141
„ „ on The efficiency of lime kilns ... 154
Bailey, E. G., on A discussion on fuel 143
Beady, W. R., on The density of cement slurry... 24
Bishop, D. L., on Particle size and plasticity of lime... 101
Flint, E. P., and L. S. Wells, on The sulphate resistance of Portland cements... 15
Gilkey, H. J., on The drying-out of concrete in air 11
Gottlieb, Steven, on Fuel consumption of rotary cement kilns 77
Heindl, R. A., and W. L. Pendergast, on Tests on refractory mortars 112
Honaker, W. L., on Potassium content of Portland cement 115
Ideta, S., and S. Hata, on Production of iron in Portland cement kilns 9
Johnson, A. J., and J. T. Lynn, on Determination of ferric oxide in cement... 65
Kreisinger, H., on Effect on crushing plant of the properties of coal 91
Larsson, A. G., on Soundness test for Portland cement 150
Lynn, J. T., and A. J. Johnson, on Determination of ferric-oxide in cement... 65
McMurdie, H. F., on The structure of tricalcium aluminate 43
Nordberg, B., on Unit coal mills for shaft lime kilns 164
Pendergast, W. L., and R. A. Heindl, on Tests on refractory mortars 112
Rockwood, N. C., on By-products from the manufacture of lime 180
Swayze, M. A., on Effect of the addition of organic materials to cement 4

PAGE

Taylor, William C., on Phase-equilibria studies involving potash 35, 48
Thyrre, S. G., on Sintering ore in rotary cement and lime kilns 162
Ward, G. W., on Effect on clinker of heat treatment and rate of cooling... 1
Wells, L. S., and E. P. Flint, on The sulphate resistance of Portland cements 15

Automatic controls for kilns and tube mills... ... 129

Carbon dioxide from lime kilns, by V. J. Azbe ... 191
Catalysts as additions to Portland cement, The use of, by Gabriel A. Ash 185
Cement and aggregates, Reactions between... ... 99
„ content of soil-cement mixtures, Determining the 140
„ Types of Portland: restrictions in the United States 149
Chemical analysis of Portland cement 123
Clinker grinding, Developments in 182
„ of heat treatment and rate of cooling, Effect on, by G. W. Ward 1
Coal, Effect on crushing plant of the properties of, by H. Kreisinger 91
„ mills for shaft lime kilns, Unit, by B. Nordberg 164
Combustion in the rotary cement kiln 29
Compound grinding mill, The 57, 117, 148
Concrete cement factory, An all- 81
„ in air, The drying-out of, by H. J. Gilkey... 11
Controls for kilns and tube mills, Automatic... ... 129
Cooling, Effect on clinker of heat treatment and rate of, by G. W. Ward 1
Crushing plant of the properties of coal, Effect on, by H. Kreisinger 91

Deheater for rotary lime kilns, Preheater and ... 189
Dry process, Conversion of cement plant from wet to 137
Drying-out of concrete in air, by H. J. Gilkey ... 11

Factory, An all-concrete cement 81
Ferric oxide in cement, Determination of, by A. J. Johnson and J. T. Lynn 65
Filters, Large continuous disc slurry... 173
Fuel, A discussion on, by E. G. Bailey 143
Fuel consumption of rotary cement kilns, by S. Gottlieb 77
„ Rotary lime kiln using wood, by V. J. Azbe... 141

Grinding, Developments in clinker 182
Grinding mill, The compound... ... ... 57, 117 148
Grinding mills by sound, Controlling... 107

PAGE

Hardening of cement, Effect of metal sulphates on rate of 183

Iron in Portland cement kilns, Production of, by S. Ideta and S. Hata... 9

Joining two rotary kilns 97

Kiln, Combustion in the rotary cement 29
„ New type of lime... 86
„ using wood fuel, Rotary lime, by V. J. Azbe... 141
„ 475 ft. long, Welded construction of rotary cement 152
Kilns and tube mills, Automatic controls for ... 129
„ Carbon dioxide from lime, by V. J. Azbe ... 191
„ for high-calcium lime, Vertical... 133
„ Fuel consumption of rotary cement, by S. Gottlieb 77
„ Joining two rotary 97
„ Preheater and deheater for rotary lime ... 189
„ Sintering ore in rotary cement and lime, by S. G. Thyrre 162
„ The efficiency of lime, by V. J. Azbe... ... 154

Lime, By-products from the manufacture of, by N. C. Rockwood 180
„ kiln, New type of 86
„ kiln using wood fuel, Rotary, by V. J. Azbe... 141
„ kilns, Carbon dioxide from, by V. J. Azbe ... 191
„ kilns, Preheater and deheater for rotary ... 189
„ kilns, The efficiency of, by V. J. Azbe... ... 154
„ kilns, Unit coal mills for shaft, by B. Nordberg 164
„ Particle size and plasticity of, by D. L. Bishop 101
„ Vertical kilns for high-calcium... 133
Lubricants, Selecting 145

Maintenance, Emergency repairs and 160
Measurement of specific surface, Air-permeability... 158
Metal sulphates on rate of hardening of cement, Effect of 183
Mill, The compound grinding... ... ... 57, 117, 148
Mills, Automatic controls for kilns and tube ... 129
„ by sound, Controlling grinding... 107
Mortars, Tests on refractory, by R. A. Heindl and W. L. Pendergast 112

Ore in rotary cement and lime kilns, Sintering, by S. G. Thyrre 162
Organic material to cement, Effect of the addition of, by M. A. Swayze 4
Oxide in cement, Determination of ferric, by A. J. Johnson and J. T. Lynn 65

PAGE

Particle size and plasticity of lime, by D. L. Bishop 101
Potash, Phase-equilibria studies involving, by W. C. Taylor 35, 48
Potassium content of Portland cement, by W. L. Honaker 115
Preheater and deheater for rotary lime kilns ... 189
Proportioning raw materials for cement manufacture 177

Refractory mortars, Tests on, by R. A. Heindl and W. L. Pendergast 112
Repairs and maintenance, Emergency 160

Separator, Two types of air 40
Setting-time tests, New apparatus for 111
Size and plasticity of lime, Particle, by D. L. Bishop 101
Slurry agitation by pressure air 165
„ filters, Large continuous disc... 173
„ The density of cement, by W. R. Bendy ... 24
Soil-cement mixtures, Determining the cement content of 140
Sound, Controlling grinding mills by... 107
Soundness test for Portland cement, by A. G. Larsson 150
Sulphate resistance of Portland cements, by E. P. Flint and L. S. Wells 15
„ solutions on Portland cement, Effect of... 95
Sulphates on rate of hardening of cement, Effect of metal 183
Sulphur as sulphide in Portland cement, Determination of 136
Surface, Air permeability measurement of specific... 158

Test for Portland cement, Soundness, by A. G. Larsson 150
Tests, New apparatus for setting time 111
„ on cement, Long-period... 109
„ on refractory mortars, by R. A. Heindl and and W. L. Pendergast... 112
Tricalcium aluminate, The structure of, by H. F. McMurdie 43

United States, Restrictions on the types of Portland cement 149

Welded construction of rotary cement kiln 475 ft. long 152
Wet to dry process, Conversion of cement plant from 137
Wood fuel, Rotary lime kiln using, by V. J. Azbe... 141
